Dear Ian,

**Great North Eastern Railway (GNER) Section 17 application**

Thank you for your letter of 12<sup>th</sup> February. Having reviewed your letter I can confirm that nothing in your response has changed our opposition to your application.

On the basis that you have now submitted your application to the ORR and your consultation has closed we think that it would be inappropriate to continue to correspond on these issues.

Yours sincerely

Phil Dawson  
Regulation and Track Access Manager
