Dear Karen and Keith

Consent to supplement the track usage price list (Class 399/0)

1. We have today consented to supplement the Control Period 6 (CP6) track usage price list, following a joint proposal submitted to us by the above on 16 May 2019, under paragraph 9 of Part 2 of schedule 7 to the track access contract.
2. The purpose of this supplement is to amend the Passenger Variable Usage Charge (VUC) Rates section of the CP6 track usage price list to include a Class 399/0 vehicle type. We consented to supplement the CP5 list, for the same vehicles, on 25 March 2019. They have been operating on the network since 25 October 2018.
3. There is no requirement for industry consultation in this matter as the changes do not affect any other train operating company.
4. We reviewed the proposal and did not have any concerns.
5. Under paragraph 9 of part 2 of schedule 7 to the TAC the change shall have effect from and be applied retrospectively from 1 April 2019.

Yours sincerely
