

Dear Sir,

I refer to the ORR consultation on their proposed guidance to local authorities as to when and how they should consult with the ORR.

The Sheffield City Region Planning Officers Group (SCRPOG) is a forum of planning officers of local authorities within the Sheffield City Region.

On behalf of SCRPOG I confirm the guidance is welcome and will help clarify how local planning authorities should consult with the ORR.

It would be helpful for SCRPOG to be notified when the final guidance is confirmed and available.

Please note that the Sheffield City Region consists of 9 local planning authorities; the location of these can be found on the Local Enterprise partnership website <http://www.sheffieldcityregion.org.uk/about/overview/>

Regards,

Jeremy Johnson
