Dear Abigail,

AMENDING LICENCES TO GIVE PASSENGERS THE INFORMATION THEY NEED TO PLAN AND MAKE JOURNEYS - A CONSULTATION

Thank you for inviting the comments of Rail Express Systems Limited ("RES") on ORR's consultation document entitled "Amending Licences to give passengers the information they need to plan and make journeys".

RES considers that the proposed amendments should not apply to those charter operators (such as RES) who are not permitted to operate regular scheduled passenger services in the national timetable and who do not, therefore, currently have a Condition 4 in their Statement of National Regulatory Provisions ('SNRP'). RES notes that this view is consistent with the view of ORR expressed in paragraph 41 of the consultation document.

Given the above, RES will leave any detailed comments on the ORR's specific questions posed in the consultation document concerning the proposals themselves to those passenger operators and other interested parties that they will be directly affected.

Yours sincerely,

Nigel Oatway
Access Manager
