

Application to the Office of Rail Regulation for a passenger track access agreement, or amendment to a passenger track access agreement under sections 17-22A of the Railways Act 1993

1. Introduction

Please use this form to apply to the Office of Rail Regulation (ORR) for:

- directions under section 17 of the Railways Act 1993 for a new track access contract. Section 17 allows companies who want the right to use a railway facility (including Network Rail's network) to apply to ORR for access if they are not able (for whatever reason) to reach agreement with the facility owner.
- approval under section 18 of the Railways Act 1993 for a new track access contract. Section 18 allows companies to apply for approval if they have agreed terms with the facility owner.
- approval of a proposed amendment (agreed by both parties) under section 22 of the Railways Act 1993 to an existing track access contract.
- directions under section 22A of the Railways Act 1993 for an amendment to an existing track access contract. Section 22A allows anyone seeking an amendment to an existing track access contract which allows the operation of more extensive services to apply for a compulsory amendment if they are not able (for whatever reason) to reach agreement with the facility owner.

If it is the facility owner, Network Rail will carry out a pre-application consultation. In this case fill in this form up to section 7.3. You should fill in the rest of the form after the consultation and before applying to ORR. If you are unhappy with the facility owner carrying out the consultation, you should ask ORR to do so. If this is the case, you should complete this form in full before submitting it to us.

The form sets out ORR's standard information requirements for considering applications. It cross-refers throughout to our [criteria and procedures](#) (C&Ps). The C&Ps explain the process, timings and the issues we will expect to consider. You should use the published [model passenger track access contract](#) as your starting point when drafting the contract or amendments you want. Please read the C&Ps and the Code of Practice before applying.

We are happy to talk to you before you apply. Please contact us [here](#).

You can download a copy of this form, and of ORR's model track access contract, from the ORR website: www.rail-reg.gov.uk.

2.3 Licence and railway safety certificate: please state whether you intend to operate the services yourself or have them operated on your behalf.

Does the proposed operator of the services (a) hold a valid train operating licence under section 8 of the Railways Act 1993 or an exemption under section 7, **and** (b) hold a valid safety certificate under the Railways and Other Guided Transport Systems (Safety) Regulations 2006. If the answer to (a) **or** (b) is no, please state the point reached in obtaining a licence, exemption and/or safety certificate.

C&Ps paras 3.9-3.15

First ScotRail Limited has a valid train operating licence and an accepted Railway Safety Case under the Railways and Other Guided Transport Systems (Safety) Regulations 2006.

3. The proposed contract or amendment

3.1 Executive summary: please provide an executive summary of the proposed contract or amendment. This should cover the services, the commercial terms, and the reasons for making the application in the terms proposed. This information should be laid out clearly and concisely, and fully highlight the changes from the previous version of the contract (in the case of an amendment).

C&Ps para 3.22-3.28

Please also explain any important safety risks that have been identified arising from the proposal and how these will be controlled (by reference to the facility owner's safety authorisation and the train operator's safety certificate). **C&Ps paras 4.9-4.11**

Please also state the commencement and end dates for the proposal, and for new agreements or extensions to existing agreements, provide justification for the proposed length of the application, with reference to the [Railways Infrastructure \(Access and Management\) Regulations 2005](#). If you are a franchised operator, please state the expiry date of your franchise. **C&Ps paras 4.72-4.79**

Date of commencement: The commencement date for the on-train-metering going live for the Class 334 fleet will be 1 April 2014.

End date: Services changes are for the duration of First ScotRail's Track Access Agreement (until December 2015).

This application is to amend the Track Access Contract by updating table 7D of Schedule 7 to include Class 334 units to allow for On Train Metering.

3.2 Terms not agreed with the facility owner (for applications under sections 17 or 22A only): please set out here any areas of the application which have not been agreed, the reasons for the failure to agree and the reasons for seeking these provisions. **C&Ps para 3.102**

N/A

3.3 Departures from ORR's model passenger track access contract: please set out and explain here any:

- areas where the drafting of the application changes ORR's published template passenger track access contract (as appropriate, cross-referencing to the answers below). Please also explain why these departures have been made. **C&Ps paras 2.34-2.37**
- instances where the proposal departs from the charging and/or performance regimes established by ORR's latest periodic review (or subsequent interim reviews) as reflected in ORR's model passenger track access contract, including the financial implications (e.g. establishment of an access charge supplement or rebate). **C&Ps paras 5.1-5.44**
- new processes (e.g. a self-modification provision) which have been added. Please also demonstrate fully how this new process is robust and complete. **C&Ps paras 6.2-6.3**

N/A

4. The expression of access rights and the use of capacity

4.1 Benefits: please set out what specific benefits the proposal will achieve, including a justification for requiring the rights and their characteristics. Please provide full descriptions of any new rights required, as compared to the previous contract (in the case of an amendment). Please also describe any significant changes in the pattern of services, their benefits to passengers and any impact on other operators, including freight operators. Where appropriate, please provide a fully marked-up version or document comparison of any tables in Schedule 5 which are being modified as a result of this application. **C&Ps paras 4.26-4.35**

It enables the Train operator to plan it's business with greater certainty and implement initiatives to reduce overall traction electricity consumption.

This is consistent with the ORR CP5 Final Determinations to move to metered traction electricity and the Government's policy to reduce carbon emissions.

4.2 Adequacy: please set out how you have satisfied yourself that there is enough network capacity for the services in the proposal. Please also set out whether there are any implications for overall network performance and the facility owner's maintenance and renewal activities. **C&Ps paras 4.12-4.45**

N/A

4.3 Flexing rights: please provide a general description of the extent of any limitations on the facility owner's flexing rights in the proposal. Please provide the rationale for the extent of any limitation on the flex provided, including any changes to pre-existing services, and the extent to which the provisions have been agreed with the facility owner. **C&Ps paras 2.27-2.33**

N/A

4.4 Journey time protection: please describe whether the proposed contract gives journey time protection to any services (by establishing maximum journey times, fastest key journey times or maximum key journey times), and explain the reasons for this, with reference to ORR's criteria. **C&Ps paras 8.90-8.103**

N/A

4.5 Specified equipment: please give full details of any changes to specified equipment (rolling stock), including timescales, and how much of the vehicle and route acceptance procedure in the Network Code (Part F) has been completed. Please explain whether you have, or will have, the rolling stock necessary to exercise the rights being sought. **C&Ps paras 8.87-8.90**

N/A

4.6 Franchise obligations: please explain whether the proposed services are necessary to fulfil obligations under a franchise or concession agreement. **C&Ps paras 4.3-4.4**

N/A

4.7 Public funding: please state whether (and if so to what extent) the proposed services are subject to financial support from central or local government (other than the Department for Transport or Transport Scotland), including Passenger Transport Executives. Please also provide a point of contact at that body. **C&Ps paras 3.52, 4.25, 4.35-4.39**

N/A

4.8 Passenger Focus: please state whether (and if so to what extent) the proposed services have been discussed with Passenger Focus. Please also provide copies of any relevant correspondence. **C&Ps para 4.39**

N/A

4.9 Route utilisation strategies (RUSs): if applicable, please state which RUSs (including the Freight RUS) are considered relevant to this application and whether the proposed rights are consistent with that RUS. If the proposed rights are not consistent, please explain the reasons for this. **C&Ps paras 4.5-4.8**

N/A

5. Incentives

5.1 Train operator performance: please describe any planned projects associated with the operation of the proposed services aimed at improving your performance. **C&Ps paras 4.26-4.36**

N/A

5.2 Facility owner performance: please describe any planned projects associated with the operation of the proposed services aimed at improving the facility owner's own performance. **C&Ps paras 4.26-4.36, 5.1**

N/A

5.3 Monitoring of services: would all proposed services be monitored for performance throughout their journeys, consistent with our policy in paragraph 5.50 of the criteria and procedures? If not, please state the reasons for this is in line with the permissible circumstances described in paragraph 5.51 of the criteria and procedures. **C&Ps paras 5.50-5.56**

N/A

5.4 Performance regime changes (for applications under sections 17 or 22A only): where applicable, please provide justification for any changes to Schedule 8 of the track access contract in the proposal. If necessary, please provide any relevant information in support of the changes proposed. **C&Ps para 5.38-5.40**

N/A

6. Enhancement

6.1 Enhancement details: where the proposal provides for the delivery of any network enhancements, or the services in the proposal are subject to any planned network enhancements, please give full details of the relevant enhancement schemes, including a summary of outputs from the scheme, timescales and the extent to which the network change procedure in the Network Code (Part G) has been completed (where appropriate, by reference to submissions made under ORR's enhancement reporting framework). **C&Ps paras 4.80**

N/A

6.2 Enhancement charges: please confirm that the arrangements for the funding of any network enhancements are consistent with ORR's [Policy Framework for Investments](#), and summarise the level

7.1 Associated applications to ORR: please state whether this application is being made in parallel with, or relates to, any other current or forthcoming application to ORR (e.g. in respect of track, station or light maintenance depot access contracts). **C&Ps paras 3.18-3.19**

N/A

7.2 Supporting information, side letters and collateral agreements: please:

- state here any relevant information in support of the proposal, including a list and explanation of any other material being submitted (and supply copies with the application). **C&Ps para 4.33**
- confirm here that the whole of the proposal between the parties has been submitted with this application and that there are no side letters or other documents which affect it. **C&Ps paras 6.12-6.16, 6.21**

Compliance Statement:

“Class 334 Metering Technical Information

The class 334 train uses the RGS-compliant Mors Smitt MSAV25K-42 energy meter with proven and accepted data download process.

The traction and metering system has the following characteristics

Power Factor	1
Tolerance	1.1 %

The meter is linked to a dedicated on-train ethernet bus and energy data is provided by the meter to the Driver Advisory System (DAS) on the train. The DAS provides regular downloads of operational and diagnostic data from the train directly to Interfleet's EnergyX data analysis and transmission tool product and accepted by Network Rail as compliant for energy data provision.

EnergyX will provide energy data from class 334 trains to Network Rail in the same manner as currently occurs for other fleets reporting through their package”

In accordance with the Traction Electricity Rules, Appendix 2 (Power Factor Correction) and Appendix 4 (Tolerance Factors) will be amended accordingly.

We will be writing to the ORR separately to request these changes under Paragraph 17 of the Traction Electricity Rules.

7.3 Confidentiality exclusions: please list any parts of your application which you have excluded on the grounds of confidentiality, from the version of the proposed contract sent to consultees for any
