Dear Dave

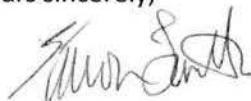

Re: Request for an Exemption under Regulation 6 of the Railway Safety Regulations 1999 for CrossRail on Great Western Main Line

Many thanks for your correspondence and our discussions explaining your proposals for operation of CrossRail trains without Great Western ATP and your proposed enhanced TPWS solution to provide enhanced TPWS between Ladbroke Grove and Airport Junction in mitigation.

I can confirm that Chiltern Railways is supportive of your exemption and the enhanced protection that it will provide to our trains operating over the Great Western Main Line.

Please let me know whether you need any further information from me.

Yours sincerely,

Simon Jarrett
Head of Technical Services
