Requirement	No	Within Route Scorecard?	Senior responsible owner, or industry group lead	Industry agreement?	Element overview	Accountable	Key milestones	Owner (not in published vesion)	Contains pre CP6 action dates?	Baseline date	Current forecasted date	Risk	
Journey time improvements [1]	1	Yes	Journey Time Working Group	N/A	<p>Working with other parts of Network Rail (including the Scotland route and the FNPO route) and with industry and government stakeholders, develop a plan to deliver the passenger journey time requirements to deliver a mile per minute target of 1.587 (by December 2019) and 1.576 by December 2024 . The plan must be:</p> <p>- developed in cooperation with the ScotRail Franchise; - consulted with Transport Scotland and stakeholders; - provided to ORR by 30 November 2018 for review; - finalised and provided to all affected parties by 31 March 2019 ; and - updated and amended as appropriate through CP6.</p> <p>Throughout CP6, Network Rail must also oversee the delivery of the actions set out in the plan and report on progress.</p>	System Operator	CP6 Journey Time Metrics - Industry Working Group 1 (Agreement of Terms of Reference)		Yes	19/06/2018	19/06/2018	<div></div>	
							CP6 Journey Time Metrics - Industry Working Group 2 (Agreement of Freight Average Speed Metric, and contents of overall plan)		Yes	25/07/2018	25/07/2018	<div></div>	
							CP6 Journey Time Metrics - Industry Working Group 3 (Agreement of baseline positions, committed timetable changes, change control process and review of RSPG Sub-Group opportunities)		Yes	22/08/2018	22/08/2018	<div></div>	
							CP6 Journey Time Metrics - Industry Working Group 4 (Discuss timetable opportunities and fleet opportunities)		Yes	18/09/2018	18/09/2018	<div></div>	
							CP6 Journey Time Metrics - Industry Working Group 5 (Review enhancement funding process and initial draft plan)		Yes	17/10/2018	17/10/2018	<div></div>	
							CP6 Journey Time Metrics - Industry Working Group 6 (Finalise draft plan for submission to ORR)		Yes	19/11/2018	19/11/2018	<div></div>	
							CP6 Journey Time Metrics - Industry Working Group 7 (Review feedback from ORR and actions for final plan)		Yes	31/01/2019	31/01/2019	<div></div>	
							CP6 Journey Time Metrics - Industry Working Group 8 (Update plan and review)		Yes	28/02/2019	28/02/2019	<div></div>	
							CP6 Journey Time Metrics - Industry Working Group 9 (Finalise plan for submission to ORR)		Yes	31/03/2019	31/03/2019	<div></div>	
Train Performance [5]	2	No	David Dickson	N/A	<p>Develop and monitor progress against a suite of KPIs to support delivery of performance and National Rail Passenger Survey (NRPS) targets that are:</p> <p>- developed in cooperation with the ScotRail Franchise; - consulted with Transport Scotland and stakeholders; - provided to ORR by 30 November 2018 for review; - finalised and provided to all affected parties by 31 March 2019 ; and - updated and amended as appropriate through CP6.</p>	Route Business Scotland	Create a project team from across the Alliance to identify possible KPIs processes and owners		Yes	30/08/2018	30/08/2018	<div></div>	
							Compile all KPI options liaising with key Alliance Executive members		Yes	14/09/2018	14/09/2018	<div></div>	
							Alliance Executive to decide which KPIs should go forward to consultation with Transport Scotland		Yes	30/09/2018	22/11/2018	<div></div>	
							Consult KPI suite with Transport Scotland		Yes	14/10/2018	03/12/2018	<div></div>	
							Produce final draft suite of KPIs and owners for sign off at Alliance Executive		Yes	14/11/2018	14/11/2018	<div></div>	
							Submit final KPI suite to the ORR		Yes	31/03/2019	31/03/2019	<div></div>	
							Spare		Yes	Input here...	Input here...	<div></div>	
Train Performance [6]	3	Yes	David Dickson	N/A	<p>In Scotland, we will primarily be holding Network Rail to account for delivery of the PPM target of 92.5%.</p> <p>We will hold the route to account against its PPM and RTA targets, in the event of performance being below expectations, we will use CRM-P CP6 baseline trajectory (refer to table A.2 in Annex 2 for details of the baseline trajectory) to provide further insight on the route’s contribution to overall performance (reflecting that CRM-P records Network Rail-caused delay only).</p>	Route Business Scotland	CRM(P) trajectory to be submitted to ORR		Yes	13/07/2018	13/07/2018	<div></div>	
							Monitored via Route Scorecard		Yes	Input here...	Input here...	<div></div>	
							Spare		Yes	Input here...	Input here...	<div></div>	
							Spare		Yes	Input here...	Input here...	<div></div>	
							Spare		Yes	Input here...	Input here...	<div></div>	
Quality of station services [10]	4	No	Richard Kinsella	N/A	<p>Maintain stations to the average asset condition in place at 31 March 2019 , in a manner that facilitates the operator of the ScotRail franchise to fulfil its obligations under the current or any future Service Quality Incentive Regime (SQUIRE).</p>	Route Business Scotland	Prepare and agree criteria and categorisation with ScotRail (and Transport Scotland) as to how slips and trip risks at stations shall be managed		Yes	30/03/2019	30/12/2018	<div></div>	
							Annualised Minor Emerging Works Plan to provide minor asset renewals on the franchised estate		Yes	30/04/2024	30/04/2024	<div></div>	
							Circa 40no footbridge refurbishments to be delivered in CP6		Yes	30/04/2024	30/04/2024	<div></div>	
							Circa 25no Franchised Stations platform refurbishments to be delivered in CP6		Yes	30/04/2024	30/04/2024	<div></div>	
							Circa 10no Franchised Stations canopy refurbishments to be delivered in CP6		Yes	30/04/2024	30/04/2024	<div></div>	

Network Rail Scotland / CP6 High Level Output Specification / Tracker / version at 31 October 2018							Legend	Risk	Legend	Risk

Freight performance [12]	25	Yes	N/A	N/A	Network Rail must achieve FDM-R for Scotland of 93% at the start of CP6 and improve this so that the CP6 exit position is no worse than 94.5%. This requirement also constitutes our CP6 baseline trajectory for FDM-R . The FDM-R will also contribute to national (GB) FDM trajectory of 94%. If performance drops below our regulatory minimum floor for Scotland (92.5%) we are highly likely to take regulatory action.	FNPO	Monitored via Route & FNPO Scorecard		Yes	N/A	N/A
