Dear Arthur,

HS1 Ltd: Network Statement 2026

I am writing to conclude ORR's review of HS1 Ltd's latest network statement, as required of us under *The Railways (Access, Management and Licensing of Railway Undertakings) Regulations 2016* ("the 2016 Regulations").

We commented on your provisional version, on which you consulted in August, and have reviewed your published *Network Statement 2026*, dated November 2024. Thank you for amending your timetable development calendar as per those comments.

Thank you also for indicating that you are working with Eurostar International Limited, and Southeastern Trains Limited on obtaining service facility descriptions for Temple Mills and Ashford depots respectively. This ensures you are meeting your obligation under Regulation 13(3) of the 2016 Regulations to facilitate the collection of information on service facilities.

In line with our commitment to transparency, we will place a copy of this letter on our website at: <https://www.orr.gov.uk/guidance-compliance/rail/network-statements>.

Yours sincerely,

A handwritten signature in black ink that reads 'Daniels'.
