

# ORR Business Plan 2025 to 2026

### Who we are and how we work

We are an independent, non-ministerial UK government department, established by and accountable directly to Parliament.

We regulate Network Rail, including targets it is expected to achieve, and report regularly on its performance. We regulate health and safety standards and compliance across the whole rail industry. We oversee competition and consumer rights issues – driving a better deal for rail passengers and taxpayers. We also regulate the High Speed 1 link to the Channel Tunnel.

We hold National Highways to account on its commitments to improve the performance and efficiency of England's strategic road network.

ORR comprises a governing board appointed by the Secretary of State for Transport and over 360 professionals, spanning engineering, safety, legal, economics and competition, operating from six offices across the country.

## Funding

Our funding for 2025-26 has been agreed with HM Treasury. The 2025 Spending Review will set our budget up to 2028-29.

Most of our income comes from the rail industry to fund our core work, with health and safety regulation and economic regulation accounting for 46% and 45% of our annual income respectively. We receive a grant from the Department for Transport to fund our regulation of the strategic road network.

Our total budget for 2025-26 will be £43.5m. We will raise £40.1m in statutory charges to spend on the railways and our roads budget will be £3.4m.

## Our strategic objectives

Our business plan summarises what we aim to achieve each year to meet our four strategic objectives:

- A safer railway
- Better rail customer service

- Value for money from the railway
- Better highways

This year we have also added a section on regulatory and rail reform.
