- (aa) any access contract in being at the date of EWS's request which will be in force at the time that the request by EWS would take effect; or
- (bb) any Prospective Access Contract; or
- (ii) impede WR plc or its contractors from maintaining, renewing and carrying out necessary planned work on or in relation to the Network provided that if WR plc can maintain, renew or carry out other necessary planned work on or in relation to the Network in an alternative manner (including the time at which such maintenance, renewal or other necessary planned work is carried out) which would permit WR plc to accommodate EWS's request for the Additional Service or Varied Service then to the extent that it is reasonable (having regard to the reasonable requirements of other parties affected by such alternative manner) WR plc shall do so; provided that, for the purposes of this sub-paragraph 1.4(ii) only, **planned work** shall mean possessions which have been planned in accordance with paragraph 1.11 of Schedule 2 prior to the time of EWS's request for such Additional Service or Varied Service,

WR plc shall, in either case, identify its best alternative (if any) as a Varied Service or Additional Service and EWS may accept that best alternative if it is reasonable to do so.

Any Varied Service or Additional Service which is accepted by WR plc in accordance with this paragraph 1.4 shall, subject to the approval of the Regulator, become a Secure Right to a Service and shall be included in Part III.

Ancillary Movements

1.5 If EWS wishes to make an Ancillary Movement(s) which is not set out in Part III the proposed Ancillary Movement(s) shall be treated as a Non-Secure Service.

Non-Secure Services

1.6 EWS shall be entitled to make Bids for Non-Secure Services provided that the duration of any such Non-Secure Services shall not be for a period greater than six months. WR plc will advise the Regulator where such Non-Secure Services pursuant to this paragraph 1.6 have been accepted.

1.7 For the purpose of paragraph 1.6, where Bids have been made for successive Non-Secure Services each having substantially the same characteristics, they shall be aggregated for the purpose of ascertaining whether the period of six months has been exceeded.

1.8 The Non-Secure rights referred to in paragraph 1.6 shall not be Firm Contractual Rights and are subject in all cases to EWS having a reasonable commercial need for such rights.

WR plc's Flexing Right

2.1 Unless otherwise specified in Part III and subject to paragraph 2.3 and 4.2, the maximum number of minutes by which WR plc may exercise its Timing Flex Rights in relation to any Bid for each specified Service made pursuant to paragraph 1.3, shall be plus or minus 15 minutes.

2.2 In respect of any Bid made by EWS for each Service made pursuant to paragraph 1.3, either party may request a variation in WR plc's Timing Flex Rights in respect of such Service and where either party reasonably requires such a variation the other party shall not unreasonably withhold its consent to such variation.

2.3 Where associations and connections are shown as comments in Part III, WR plc's Timing Flex Rights shall not be used to break such associations or connections.

Use of Access Rights

3.1 Without prejudice to the provisions of paragraphs 3.2 to 3.7, EWS shall voluntarily and in good faith relinquish those access rights or part or parts of such access rights with respect to the Services which are Secure Rights as described in Part III in respect of which it has no current or foreseeable reasonable commercial need.

3.2 Without prejudice to the provisions of paragraphs 3.1 and 3.7, if WR plc receives an application in writing from a third party (the **Applicant**) in which the Applicant requests firm access rights for services that are in all respects substantially similar to those set out in Part III, at the time of the application, and that such application specifies the reasons why such firm access rights are required by the Applicant and the proposed dates when such rights are to commence and terminate, then WR plc shall:

(a) take such steps as shall be necessary to establish whether or not the application is a bona fide application and that if granted the Applicant would be licensed to operate train services in accordance with such rights; and

(b) shall, without prejudice to its duties and obligations generally, use all reasonable endeavours to accommodate such application without serving notice on EWS as set out in paragraph 3.3.

3.3 If the provisions of paragraph 3.2 are complied with and WR plc cannot, having used all reasonable endeavours to do so, accommodate the application other than by granting the Applicant firm access rights at that time held by EWS then it shall notify EWS in writing that it requires EWS to relinquish, pursuant to this paragraph 3 specified Secure Rights and the date from which such access rights are to be relinquished (the **Third Party Notice**). A Third Party Notice served less than 60 days prior to the date upon which the rights applied for by the Applicant, and referred to in paragraph 3.2, are to commence shall not be a valid Third Party Notice and shall have no effect.

3.4 EWS shall be entitled, by notice in writing served on WR plc within 10 days of receipt of a Third Party Notice, to refuse to relinquish the Secure Rights specified therein if it has a reasonable ongoing commercial need for such rights after the date specified therein and shall set out such need in reasonable detail. If the access rights sought by the Applicant are for the provision of transport services to a third

party which are the subject of a competitive tendering process amongst other parties including EWS, then EWS shall be entitled to so notify WR plc in writing and the period of 10 days referred to above shall be deemed to commence on the date on which the tender identified by EWS to WR plc shall have been awarded.

3.5 If EWS refuses to relinquish the Secure Rights specified in the Third Party Notice, then WR plc shall either refuse the application from the Applicant or, on grounds that no reasonable ongoing commercial need of EWS shall have been demonstrated, shall refer the matter to the Regulator for determination of whether in fact EWS does have a reasonable ongoing commercial need for the rights after the date specified in the Third Party Notice. WR plc must make any such referral within 10 days of EWS's response. The determination by the Regulator shall be final and binding as between the parties.

3.6 If EWS does not refuse to relinquish the Secure Rights specified in the Third Party Notice or fails to respond to the Third Party Notice within the time period specified in paragraph 3.4 or the Regulator determines, pursuant to a referral made in accordance with paragraph 3.5, that EWS does not have a reasonable ongoing commercial need for the access rights, then EWS shall, with effect from the date specified in the Third Party Notice be deemed to have relinquished the specified Secure Rights and WR plc shall be entitled to grant the firm access rights specified in the Third Party Notice to the Applicant.

3.7 Without prejudice to the provisions of paragraphs 3.1 to 3.6 where any Secure Rights have not been used by EWS, either in part or in whole, for a continuous period of 12 months commencing on or after the date of this Agreement then to the extent that such Secure Rights have not been used, such rights shall be deemed to be relinquished by EWS

3.8 If EWS's rights to operate the Services as set out in Part III are reduced in accordance with this paragraph 3 then those Services shall be removed from Part III and the number of Services in respect of which EWS is entitled to Bid pursuant to Part III shall be reduced accordingly and WR plc will within 14 days of the date thereof notify the Regulator of any such variation.

3.9 WR plc hereby warrants to EWS that subject to approval by the Regulator, in any agreement granting access rights entered into by WR plc with an Applicant it will insert provisions that are, mutatis mutandis, the same as the terms set out in this paragraph 3.

Bids

4.1 EWS shall make Bids to WR plc for Train Slots giving at least 2 weeks notice before the day of operation of any such Train Slot.

4.2 EWS shall be able to make Short Notice Bids for Train Slots and WR plc shall use reasonable endeavours to accommodate such Short Notice Bids. If any Short Notice Bids are made by EWS in respect of any Secure Rights then such Secure Rights shall be treated as Non-Secure Services for the dates and times reflected in such Short Notice Bid.

4.3 EWS shall, in making a Bid for a Train Slot, indicate, in respect of the Train Slots for which the Bid has been made, the extent of its requirements (if any) as to:

- (a) dates on which the Train Slots are intended to be used;
- (b) start and end points of the Train Movement;
- (c) intermediate calling points;
- (d) the times of arrival and departure from any point specified under paragraphs 4.2 (b) and 4.2 (c);
- (e) Registered Equipment to be used; and
- (f) any Ancillary Movements

4.4 Without prejudice to paragraph 4.5, WR plc shall in relation to any Bid give notice to EWS within two working days of receipt of such Bid of its acceptance, modification or rejection of the Bid. Any notice of rejection shall include a concise explanation therefor.

4.5 Where Short Notice Bids are made by EWS pursuant to paragraph 4.2 at less than two days notice WR plc shall use reasonable endeavours to give notice to EWS of its acceptance, modification or rejection of the Bid as soon as reasonably practicable. Any notice of rejection shall include a concise explanation therefor.

4.6 WR plc shall, where it fails to notify EWS in accordance with paragraph 4.4 or 4.5 above, be deemed to have accepted EWS's Bid.

Incremental Costs

2.5(a) Where:

- (i) EWS makes a request for an Additional Service or a Varied Service or makes a Bid for a Non-Secure Service; and
- (ii) the operation of the Service requested or Bid for would exceed the Operating Constraints applying at the Commencement Date; and
- (iii) EWS wishes WR plc to modify the Operating Constraints applying at the Commencement Date in a manner so as to permit the Service requested or Bid for to operate under this Agreement; and
- (iv) WR plc is reasonably able to effect such modifications to a timescale that meets EWS's requirements

then paragraph 2.5(b) shall apply.

(b) Where WR plc incurs Incremental Costs pursuant to paragraph 2.5 (a), then such Incremental Costs shall be payable to WR plc by EWS in such amounts as are either:

SCHEDULE 8

PERFORMANCE REGIME

1. Definitions

In this Schedule 8, where the context admits

Modification Notice means a notice given to the parties by the Regulator, following consultation with the parties and such other persons as the Regulator shall consider appropriate, specifying:

- (a) those modifications, if any, which the Regulator considers appropriate to be made to the Performance Regime submitted to him pursuant to paragraph 4.1; and
- (b) any further modification to any part of this Agreement which the Regulator considers appropriate to be made having regard to the Performance Regime and the modifications, if any, referred to in (a) above.

Performance Regime means such financial incentive regime as may be introduced by way of amendment to this Agreement pursuant to paragraph 2.

2. Negotiations

2.1 The parties undertake to each other to amend this Agreement so as to include provisions relating to a Performance Regime in the event that either party to this Agreement gives notice in writing to the other party proposing the adoption of a Performance Regime.

2.2 The Performance Regime shall include such financial incentives as are reasonably appropriate in all the circumstances to incentivise the minimisation of delays to trains. The parties undertake to each other to negotiate in good faith with a view to agreeing the provisions of the Performance Regime within 90 days of the event giving rise to the obligation to amend this Agreement as set out in paragraph 2.1.

2.3 Once the parties have agreed on the provisions to be included in relation to the Performance Regime pursuant to this paragraph 2, they shall submit such provisions to the Regulator for approval in accordance with the provisions of paragraph 4 below.

3. Expert Determination

3.1 *Right to refer to an expert*

- (a) If the parties fail to agree the Performance Regime pursuant to paragraph 2 above, either party shall be entitled to refer the matter for determination by an expert under Part D of the Access Dispute Resolution Rules.
- (b) It is the intention of the parties to refer to the expert only those issues

upon which they have failed to reach agreement.

3.2 *Expert's remit.*

In reaching his determination, the expert's remit shall be that he shall:

- (a) reach a decision that is fair and reasonable;
- (b) base his decision on the following criteria:
 - (1) the regime is intended to:
 - (i) incentivise WR plc to minimise the delay it causes to Services and to provide appropriate incentive payments where such delay increases above a benchmark level of performance; and
 - (ii) incentivise EWS to minimise the delay caused by Services to trains operated on the Network by other train operators and provide incentive payments where such delay increases above a benchmark level of performance;
 - (2) the regime will be financially neutral where EWS and WR plc both cause minutes of delay equal to their respective benchmarks.
- (c) not make a determination which is inconsistent with the criteria outlined in the most recent review of freight charging policy undertaken by the Regulator and the latest criteria document for the approval of freight track access agreements subsequent to that review of freight charging policy.
- (d) give his reasons.

3.3 *Rules.*

If reference is made to an expert for the purposes of this paragraph 3, the rules shall be those contained in or referred to in Part D of the Access Dispute Resolution Rules except that paragraph C6.3 of those rules (which is applicable by virtue of paragraph D2 of those rules) shall not apply.

4. Regulatory Approval

4.1 *General*

The Performance Regime agreed or determined in accordance with paragraphs 2 or 3 shall be submitted to the Regulator for his approval (pursuant to Section 22 of the Act) as soon as is reasonably practicable and in any event within 14 days of it being so agreed or determined.

4.2 *Parties to encourage Regulator to approve Performance Regime*

Upon submission of the Performance Regime to the Regulator under this paragraph 4, each party shall use all reasonable endeavours to provide the Regulator and the other party with all relevant information in relation to the Performance Regime,

including the bases and assumptions on which calculations and any other assessments have been made.

4.3 *Obligation to execute amendment to the Agreement*

The parties shall promptly execute an amendment of the Agreement giving effect from the relevant date:

- (a) to the Performance Regime which has been approved by the Regulator following its submission to him under paragraph 4.1; and
- (b) where:
 - (1) the Regulator has given a Modification Notice; and
 - (2) no notice of objection has been given by either party to the other and to the Regulator within 30 days of the date of the Modification Notice,

to any modifications to the Performance Regime as are specified in the Modification Notice.

4.4 *Objection by either party to Regulator's modifications*

If the Regulator has given a Modification Notice and either of the parties gives notice of objection to the other and to the Regulator within 30 days of the Modification Notice:

- (a) the parties shall not proceed with the execution of the amendment (as contemplated by paragraph 4.3); and
- (b) paragraphs 4.6 to 4.8 shall apply.

4.5 *Regulator's rejection of the Performance Regime*

If the Regulator rejects all or any part of the Performance Regime submitted to him, paragraphs 4.6 to 4.8 shall apply.

- (a) commence renegotiations on the Performance Regime, or that part of the Performance Regime which is affected by any such modification or rejection; and

- (b) continue to conduct such renegotiations;

in good faith and with all due diligence with a view to reconciling the Performance Regime with the Regulator's modification or rejection and/or the reasons (if any) given by the Regulator for such modification or rejection.

4.8 Expert's determination if failure to agree how to deal with Regulator's objections.

If, within 28 days of commencing to renegotiate in accordance with paragraph 4.7, the parties fail to agree on such reconciliation, either party may refer the matter to an expert in accordance with paragraph 3 above.

4.9 Criteria for the expert

If a reference to an expert is made pursuant to paragraph 4.8, the expert shall be required to determine the changes to the Performance Regime which both:

- (a) most closely satisfy the criteria specified in paragraph 2.2; and
- (b) have a reasonable prospect of securing the approval of the Regulator.

4.10 Resubmission to Regulator

The Performance Regime, incorporating such reconciliations as are agreed between the parties or determined in accordance with paragraph 4.9, shall be submitted by the parties to the Regulator for his approval and upon receipt of the Regulator's approval of the Performance Regime, the parties shall promptly execute an amendment to the Agreement giving effect to the Performance Regime for submission to the Regulator for approval (pursuant to Section 22 of the Act).

4.11 Replacement of Schedule 8

Upon the Performance Regime being approved by the Regulator, the Performance Regime shall replace the provisions of this Schedule 8 and accordingly shall constitute Schedule 8 for the purposes of this Agreement.

- (b) WR plc is given a Direction by a Competent Authority that some action is required to prevent, mitigate or remedy an Environmental Condition resulting directly or indirectly from the activities of EWS

WR plc shall make an assessment, on the best information available to it at the relevant time, as to which of WR plc and EWS is or are the persons who would be the most appropriate to take any Relevant Steps, and, if more than one is appropriate, in what proportions.

2.1.2 Relevant criteria

In making an assessment under paragraph 2.1.1, WR plc shall have due regard:

- (a) to the likelihood that the person in question may be liable (other than pursuant to this Schedule 10) to make any payment or to take or omit to take any action in relation to the Environmental Condition or Direction in question, whether under this Agreement or otherwise;
- (b) in relation to the steps to be taken and the objectives of those steps, to the efficiency and economy with which the steps may be taken, and the effectiveness of those steps, if that person takes those steps, irrespective of the matters referred to in sub-paragraph (a) above; and

It shall lose that entitlement if it fails to make the reference within 120 days of the later of:

- (a) the date of its receipt of WR plc's assessment; and
- (b) the date upon which it receives any further information to which it is entitled pursuant to this paragraph 2.1.

2.4 *Liability of WR plc*

Where WR plc takes any steps in accordance with paragraph 2.3, it shall not be liable to EWS for any direct physical damage which is caused as a result of the taking of such steps except to the extent that WR plc, or any person acting on behalf of or on the instructions of WR plc, has been negligent or has failed to perform any obligation.

- 2.6.1 Subject to having complied with Part IV of Schedule 2 and to having given to EWS as much notice as shall be reasonably practicable, WR plc shall have the right to restrict permission to use the Network to the extent and for such period as is reasonably necessary to prevent, mitigate or remedy an Environmental Condition or to comply with a relevant Direction of a Competent Authority in respect of an Environmental Condition.
- 2.6.2 Where permission to use the Network is restricted pursuant to paragraph 2.6.1, WR plc shall use all reasonable endeavours to keep the extent and duration of such a restriction to a minimum and shall keep EWS reasonably and regularly informed of the steps being taken by WR plc to remove the restriction.

2.7 *Payments to be made on without prejudice basis*

Payments by EWS under this paragraph 2 shall be made without prejudice to the right of EWS to recover the whole or any part of the amounts in question from WR plc or any other person, whether under an access agreement or in any other way.

2.8 *Action taken will not prejudice later claim*

No action taken by EWS in compliance with its obligations under this paragraph 2 shall prejudice the right of EWS at a later date to claim that any other person has the Relevant Liability.
