12 February 2021

Dear Jules and Alex,

**CONSENT TO SUPPLEMENT THE CP6 TRACK USAGE PRICE LIST – CLASS 70/0 LOCOMOTIVE FOR “OTHER” CATEGORY**

1. The Office of Rail and Road has today issued a Notice of Consent to Supplement the Track Usage Price List, as submitted to us by Colas Rail Limited and Network Rail Infrastructure Limited on 3 February 2021 under paragraph 2.2.7 of Schedule 7 of the track access contract between the parties. This letter sets out the reasons for our decision.

**Purpose of the change**

2. The purpose of the Supplements is to amend the Variable Usage Charge (VUC) rates section of the Track Usage Price List, for the purpose of the track access contract, to include class 70/0 locomotives in the “Other” commodity group.

**ORR review**

3. These vehicles are not on the CP6 pricelist for the commodities concerned. The new CP6 VUC rates have been agreed between the parties using data from various appropriate sources and calculated using the CP6 VUC calculator.

4. I note that these locomotives have been in use by Colas since December 2014. Under the terms of the track access contract these amendments shall have retrospective effect from **either** the first date these vehicles were used on the network **or** 1 April 2019, **whichever date is later**. Therefore, in this instance it will take effect from 1 April 2019.

Yours sincerely

*S Jones*
