18 May 2021

Dear Bruce and Daniel,

CONSENT TO SUPPLEMENT THE CP6 TRACK USAGE PRICE LIST – CLASS 69 LOCOMOTIVES: VARIOUS CATEGORIES

1. The Office of Rail and Road has issued a Notice of Consent to Supplement the Track Usage Price List, as submitted to us by GB Railfreight Limited and Network Rail Infrastructure Limited on 6 May 2021 under paragraph 2.2.7 of Schedule 7 of the track access contract between the parties. This letter sets out the reasons for our decision.

Purpose of the change

2. The purpose of this Supplement is to amend the Variable Usage Charge (VUC) rates section of the Track Usage Price List, for the purpose of the track access contract, to include class 69 locomotives in all twenty freight commodity categories.

ORR review

3. This locomotive was not on the CP6 pricelist. Although not explained to us in the original application, the class 69 locomotive is in fact a rebuild of the class 56 series (which is on the pricelist) and broadly shares the same characteristics. The new CP6 VUC rates were calculated using the VUC calculator and are the same as those for the class 56 locomotive.

4. These amendments shall have retrospective effect from **either** the first date these vehicles were used on the network **or** 1 April 2019, **whichever date is later**.

Yours sincerely

S Jones

Steve Jones
