1. The Office of Rail Regulation (ORR) exempts under section 7(3) of the Railways Act 1993:

registered in England and Wales with number 08326956

from the requirement to be authorised by licence to operate the railway assets described in paragraph 2 below.

- (b) any non-passenger train or light maintenance depot operated on the exempt network.

A list of the railway assets to which this exemption applies is at Schedule 1.

3. This exemption is valid from 8 April 2013.

4. ORR may revoke the whole or any part of this exemption:

- (a) if the exemption holder is granted another licence or exemption for the operation of all or some of the railway assets to which this exemption applies; or
- (b) if ORR suspects on reasonable grounds that the exemption holder has operated a railway asset without a necessary licence or exemption; or
- (c) if all or some of the railway assets to which this exemption applies are not used for at least one year; or
- (d) if the exemption holder ceases to be the operator of all or some of the assets to which this exemption applies; or
