8 May 2025

Dear Louise,

**Re: South Yorkshire Future Tram Limited (SYFTL) (Supertram) Representations for the 11th Supplemental Agreement submitted under Section 22A of the Railways Act 1993 for the Track Access Contract (TAC) between Network Rail Infrastructure Limited and South Yorkshire Future Trams Limited dated 4 May 2018.**

Supertram would be willing to temporarily surrender any access rights not bid for in the December 2025 WTT bid to Network Rail under part J of the Network Code.

Supertram, as mentioned in the Network Rail Representations, needs to better understand loadings and demand for the Magna Station and may wish for reinstatement of the access rights once these factors are fully understood, especially with respect to the SU WTT. There may also be other factors, from our sponsor, which arise which means we may need to reinstate the access rights temporarily surrendered.

It is likely that these factors would be understood before the bid date for the December 2026 WTT dependant on the opening date of Magna Station.

Yours sincerely
