

## APPLICATION TO THE OFFICE OF RAIL AND ROAD FOR A PASSENGER TRACK ACCESS AGREEMENT, OR AMENDMENT TO A PASSENGER TRACK ACCESS AGREEMENT UNDER SECTIONS 17-22A OF THE RAILWAYS ACT 1993

### 1. Introduction

Please use this form to apply to the Office of Rail and Road (ORR) for:

- directions under section 17 of the Railways Act 1993 for a new track access contract. Section 17 allows companies who want the right to use a railway facility (including Network Rail's network) to apply to ORR for access if they are not able (for whatever reason) to reach agreement with the facility owner.
- approval under section 18 of the Railways Act 1993 for a new track access contract. Section 18 allows companies to apply for approval if they have agreed terms with the facility owner.
- approval of a proposed amendment (agreed by both parties) under section 22 of the Railways Act 1993 to an existing track access contract.
- directions under section 22A of the Railways Act 1993 for an amendment to an existing track access contract. Section 22A allows anyone seeking an amendment to an existing track access contract which allows the operation of more extensive services to apply for a compulsory amendment if they are not able (for whatever reason) to reach agreement with the facility owner.

If it is the facility owner, Network Rail will carry out a pre-application consultation. In this case fill in this form up to section 7.3. You should fill in the rest of the form after the consultation and before applying to ORR. If you are unhappy with the facility owner carrying out the consultation, you should ask ORR to do so. If this is the case, you should complete this form in full before submitting it to us.

The form sets out ORR's standard information requirements for considering applications. It cross-refers throughout to our [criteria and procedures](#) (C&Ps). The C&Ps explain the process, timings and the issues we will expect to consider. You should use the published [model passenger track access contract](#) as your starting point when drafting the contract or amendments you want. Please read the C&Ps and the Code of Practice before applying.

We are happy to talk to you before you apply. Please contact us [here](#).

You can download a copy of this form, and of ORR's model track access contract, from the ORR website: [www.orr.gov.uk](http://www.orr.gov.uk)

## 2. The application

**2.1 Title of proposed contract or supplemental agreement** (please also include the section of the Railways Act 1993 under which you are applying):

1<sup>st</sup> Supplemental Agreement – made under Section 22a of the Railways Act

**2.2 Contact details** (Company and named individual for queries):

<u>Facility Owner</u>	<u>Beneficiary</u>
Company: Network Rail	Company: Grand Central Railway Company Ltd
Contact individual: Sam Wheelan	Contact individual: Chris Brandon
Job title: Customer Account Manager NW & C	Job title: Head of Business Development
Address: Square One, 4 Travis Street, Manchester, M1 2NY	Address: 3 <sup>rd</sup> floor Northern House, Rougier Street, York, YO1 6HZ
Telephone number:	Telephone number:
Fax number:	Fax number:
E-mail address:	E-mail address:

**2.3 Licence and railway safety certificate:** please state whether you intend to operate the services yourself or have them operated on your behalf.

Does the proposed operator of the services (a) hold a valid train operating licence under section 8 of the Railways Act 1993 or an exemption under section 7, **and** (b) hold a valid safety certificate under the Railways and Other Guided Transport Systems (Safety) Regulations 2006. If the answer to (a) **or** (b) is no, please state the point reached in obtaining a licence, exemption and/or safety certificate.

**C&Ps paras 3.9-3.15**

Grand Central holds a valid train operating licence and an accepted safety certificate.

### 3. The proposed contract or amendment

**3.1 Executive summary:** please provide an executive summary of the proposed contract or amendment. This should cover the services, the commercial terms, and the reasons for making the application in the terms proposed. This information should be laid out clearly and concisely, and fully highlight the changes from the previous version of the contract (in the case of an amendment). **C&Ps para 3.22-3.28**

Please also explain any important safety risks that have been identified arising from the proposal and how these will be controlled (by reference to the facility owner's safety authorisation and the train operator's safety certificate). **C&Ps paras 4.9-4.11**

Please also state the commencement and end dates for the proposal, and for new agreements or extensions to existing agreements, provide justification for the proposed length of the application, with reference to the [Railways Infrastructure \(Access and Management\) Regulations 2005](#). If you are a franchised operator, please state the expiry date of your franchise. **C&Ps paras 4.72-4.79**

**Date of commencement:** Subsidiary Change Date in May 2020.

**End date:** Principal Change Date (PCD) in December 2026.

Grand Central has recently entered into a contract with Network Rail to operate services on the WCML between Blackpool North and London Euston.

The contract currently contains one key restriction, as directed by ORR, in relation to the firm rights awarded, as follows:

- For one Wednesday every 8 weeks the rights for one London to Blackpool path are contingent rather than firm.

This application seeks to remove this restriction from the existing contract.

The proposal will require updates to be made to 'Table 2.1 Passenger Train Slots' in Schedule 5 of Grand Central's North West Track Access Agreement dated 24<sup>th</sup> October 2019.

**3.2 Terms not agreed with the facility owner (for applications under sections 17 or 22A only):** please set out here any areas of the application which have **not** been agreed, the reasons for the failure to agree and the reasons for seeking these provisions. **C&Ps para 3.102**

Network Rail is unable at this stage to support the proposal for this change. Grand Central has bid into the May 20 timetable for a later slot which it believes resolves the previous conflict with the Network Measurement Train (NMT). Grand Central expects this proposal will be rejected owing to bids from other operators that would conflict with the proposed path.

We will continue to work with Network Rail to resolve this issue and find a timetable solution allowing Grand Central to operate all its Wednesday services without restriction, in line with its firm rights for all other Wednesdays.

**3.3 Departures from ORR's model passenger track access contract:** please set out and explain here any:

- areas where the drafting of the application changes ORR's published template passenger track access contract (as appropriate, cross-referencing to the answers below). Please also explain why these departures have been made. **C&Ps paras 2.34-2.37**
- instances where the proposal departs from the charging and/or performance regimes established by ORR's latest periodic review (or subsequent interim reviews) as reflected in ORR's model passenger track access contract, including the financial implications (e.g. establishment of an access charge supplement or rebate). **C&Ps paras 5.1-5.44**
- new processes (e.g. a self-modification provision) which have been added. Please also demonstrate fully how this new process is robust and complete. **C&Ps paras 6.2-6.3**

None.

#### **4. The expression of access rights and the use of capacity**

**4.1 Benefits:** please set out what specific benefits the proposal will achieve, including a justification for requiring the rights and their characteristics. Please provide full descriptions of any new rights required, as compared to the previous contract (in the case of an amendment). Please also describe any significant changes in the pattern of services, their benefits to passengers and any impact on other operators, including freight operators. Where appropriate, please provide a fully marked-up version or document comparison of any tables in Schedule 5 which are being modified as a result of this application. **C&Ps paras 4.26-4.35**

Grand Central is seeking to remove the restriction contained within its current track access contract which states that for one Wednesday every 8 weeks the rights for one London to Blackpool path are contingent rather than firm.

Unless we can agree a path for this train every Wednesday, passengers will be offered an inconsistent and unbalanced timetable. In ability to operate this northbound service will also result in a corresponding up service being cancelled.

This current arrangement puts Grand Central at commercial risk if it is unable to provide a consistent service to passengers throughout the week.

**4.2 Adequacy:** please set out how you have satisfied yourself that there is enough network capacity for the services in the proposal. Please also set out whether there are any implications for overall network performance and the facility owner's maintenance and renewal activities. **C&Ps paras 4.12-4.45**

Grand Central's original proposal was for a service to operate in the 1533 slot from London Euston. However, this service conflicts with the Network Measurement Train which warranted the restriction included in the Track Access Contract.

Grand Central has continued to evaluate the opportunities and for May 2020 has bid for an alternative path departing London Euston at 1549. This would require another operator's service to be flexed by 3 minutes but recover all this time during its journey. This would allow Grand Central to operate its Wednesday service without restriction.

**4.3 Flexing rights:** please provide a general description of the extent of any limitations on the facility owner's flexing rights in the proposal. Please provide the rationale for the extent of any limitation on the flex provided, including any changes to pre-existing services, and the extent to which the provisions have been agreed with the facility owner. **C&Ps paras 2.27-2.33**

Grand Central is not seeking to limit Network Rail's flexing rights in the proposal. It is continuing to seek the firm rights on a quantum only basis.

**4.4 Journey time protection:** please describe whether the proposed contract gives journey time protection to any services (by establishing maximum journey times, fastest key journey times or maximum key journey times), and explain the reasons for this, with reference to ORR's criteria. **C&Ps paras 8.90-8.103**

None.

**4.5 Specified equipment:** please give full details of any changes to specified equipment (rolling stock), including timescales, and how much of the vehicle and route acceptance procedure in the Network Code (Part F) has been completed. Please explain whether you have, or will have, the rolling stock necessary to exercise the rights being sought. **C&Ps paras 8.87-8.90**

There is no change to the rolling stock used.

**4.6 Franchise obligations:** please explain whether the proposed services are necessary to fulfil obligations under a franchise or concession agreement. **C&Ps paras 4.3-4.4**

OFFICE OF RAIL AND ROAD  
ONE KEMBLE STREET, LONDON, WC2B 4AN

Switchboard 020 7282 2000 • Fax 020 7282 2040 • Website [www.orr.gov.uk](http://www.orr.gov.uk)

Form **P**

433399

Not applicable.

**4.7 Public funding:** please state whether (and if so to what extent) the proposed services are subject to financial support from central or local government (other than the Department for Transport or Transport Scotland), including Passenger Transport Executives. Please also provide a point of contact at that body. **C&Ps paras 3.52, 4.25, 4.35-4.39**

Not applicable.

**4.8 Passenger Focus and, where applicable, London TravelWatch:** please state whether (and if so to what extent) the proposed services have been discussed with these bodies. Please also provide copies of any relevant correspondence. **C&Ps para 4.39**

Transport Focus was consulted as part of the original track access application. The small change Grand Central is now proposing will improve the consistency of the timetable offer for passengers. We believe there is nothing in Transport Focus's comments on the original application that goes against this proposal and that further consultation is therefore not required.

**4.9 Route utilisation strategies (RUSs):** if applicable, please state which RUSs (including the Freight RUS) are considered relevant to this application and whether the proposed rights are consistent with that RUS. If the proposed rights are not consistent, please explain the reasons for this. **C&Ps paras 4.5-4.8**

Not applicable.

## 5. Incentives

**5.1 Train operator performance:** please describe any planned projects associated with the operation of the proposed services aimed at improving your performance. **C&Ps paras 4.26-4.36**

Not applicable.

**5.2 Facility owner performance:** please describe any planned projects associated with the operation of the proposed services aimed at improving the facility owner's own performance. **C&Ps paras 4.26-4.36, 5.1**

Not applicable.

**5.3 Monitoring of services:** would all proposed services be monitored for performance throughout their journeys, consistent with our policy in paragraph 5.50 of the criteria and procedures? If not, please state the reasons for this is in line with the permissible circumstances described in paragraph 5.51 of the criteria and procedures. **C&Ps paras 5.50-5.56**

The proposed supplemental agreement does not depart from the performance mechanisms contained within Grand Central's Track Access Contract.

**5.4 Performance regime changes (for applications under sections 17 or 22A only):** where applicable, please provide justification for any changes to Schedule 8 of the track access contract in the proposal. If necessary, please provide any relevant information in support of the changes proposed. **C&Ps para 5.38-5.40**

None.

## 6. Enhancement

**6.1 Enhancement details:** where the proposal provides for the delivery of any network enhancements, or the services in the proposal are subject to any planned network enhancements, please give full details of the relevant enhancement schemes, including a summary of outputs from the scheme, timescales and the extent to which the network change procedure in the Network Code (Part G) has been completed (where appropriate, by reference to submissions made under ORR's enhancement reporting framework). **C&Ps paras 4.80**

Not applicable.

**6.2 Enhancement charges:** please confirm that the arrangements for the funding of any network enhancements are consistent with ORR's [Policy Framework for Investments](#), and summarise the level and duration of payments, and the assumed rate of return (see chapter 3 of the Conclusions document). **C&Ps paras 5.6, 5.12-5.14**

Not applicable.

## 7. Other

**7.1 Associated applications to ORR:** please state whether this application is being made in parallel with, or relates to, any other current or forthcoming application to ORR (e.g. in respect of track, station or light maintenance depot access contracts). **C&Ps paras 3.18-3.19**

Not applicable.

**7.2 Supporting information, side letters and collateral agreements:** please:

- state here any relevant information in support of the proposal, including a list and explanation of any other material being submitted (and supply copies with the application). **C&Ps para 4.33**
- confirm here that the whole of the proposal between the parties has been submitted with this application and that there are no side letters or other documents which affect it. **C&Ps paras 6.12-6.16, 6.21**

None.

**7.3 Confidentiality exclusions:** please list any parts of your application which you have excluded on the grounds of confidentiality, from the version of the proposed contract sent to consultees for any pre-

OFFICE OF RAIL AND ROAD

Form **P**

433399

application consultation process, and provide reasons. If there has been no pre-application consultation, you should state any parts of the application and proposed contract you want us to exclude from publication. **C&Ps paras 3.29-3.34**

None.

**Note: Where a pre-application consultation is to be undertaken in line with the Code of Practice, the remainder of this application should not be completed until after that consultation has been completed**

## 8. Pre-application consultation

**8.1 The consultation:** has a pre-application consultation been carried out in line with the Code of Practice? If yes, please:

- state who conducted the consultation;
- list all train operators, franchising authorities and any other parties that were consulted, stating which parties responded and attach their responses and any associated documentation to this form; and
- state the period allowed for the consultation. If this was less than 28 days, please explain the reasons for this.

If a pre-application consultation has not been carried out, please explain the reasons and whether any informal discussions have been held with any third parties who might be affected by this application and the nature of any concerns which they raised. **C&Ps paras 3.62**

To be completed following conclusion of consultation.

**8.2 Resolved issues:** please set out any issues raised by consultees which have been satisfactorily resolved. You may wish to refer to responses attached to this form. Please explain any changes as a result of the consultation.

**8.3 Unresolved issues:** please set out any issues raised by consultees which have ***not*** been satisfactorily resolved, including any correspondence with that consultee. You may wish to refer to responses attached to this form. Please explain why you think these issues should not stop ORR approving the application.

## 9. Certification
