Blossom Street  
York, YO24 1AH

Dear Mr Brown

**ORR investigation of Network Rail's introduction of a new train planning system**

Thank you for your letter of 4 November regarding the comments made about your system, Train Plan, during the above investigation.

Our investigation was focused on Network Rail's introduction of the new system and not on the performance of Train Plan. Nothing in our conclusions should be taken in any way as reflecting on Funkwerk Information Technologies York Limited or the Train Plan product.

I have placed a copy of this letter and your letter on our website alongside the relevant investigation documents at <http://www.rail-reg.gov.uk/server/show/nav.1362>.

Yours sincerely

*Michael Lee*
