

ORR Consultation 26 July 2012 - Transparency for Review and Return.

Hi Philip,

The response From Nexus is 'No Comment' although the guys haven't filled out the correct format, I hope you accept this email as our official response.

Kind Regards

Tracy,

I have reviewed the document and the pages you suggest. I have no particular comments to make other than to note that we already collect much of the data mentioned and would be able to make it available should the ORR wish to use it. I suggest you respond "No comments".

Brian
